It is to be regretted that Mr Brainard, while in the second to the public columns of any body else,' but Sebastian. It is to be regretted that Mr Brainard, while in the second to the public columns of the carawas line; for the Able editor of the Gazette has too small a caliber, and too little ammenition in his intellectual storehouse, to discharge his shot effectively at Mr Brainard.

Shame on ye, ye trucklers of falsehood and slander, the respectable members of your party are blushing for your turpitude and your degradation .- James Patrick has been singled out by us for the purpose of exhibiting him in his true colors; he stands debased beyond moral conception--we will go to the polle with the solucing reflection that the Democratic cause is not to be, and has not been, bolstered by dragging the characters of the Whig candidates before the public, and making them as odious and contemp ible as James Petrick himself.

two States, Indiana and Tennessee, there has been a complete revolution. The democra cy have received an accession to their rinks o at least FIFTY THOUSAND FREEMEN. Federalism has been annihilated, and the banper of democracy and equality floats in triumph over the patriotic yearnaury of those two States. Should not their noble example be followed by the DEMOCRATS OF OHIO? We con, if we but WILL IT, gain as glorious a Victory over the piebald legions of federalism in this State as did our brethern of Tennessee in theirs Nothing is required but actively and promptness. We must go to the POLLS early and vote, and urge all our democratic friends to "go and de likewise." The Bank party must not be allowed to triumph over people, and fasten upon this great State an odious and ruinous shinplaster currency. Let every democrat do his duty and we will give the federal demagogues a TEN NESSEE ROUT.
